It is a self-governance system that, reflects rules of engagement and terms & conditions for the use of our GAIN 2U websites that encompasses :GODZONE-CREDIT-EXCHANGE:®©™®. For more transparency our Kingdom Experience can be viewed [HERE](#).

:MARSICH-CROWN-KINGDOM:®©™® (:Matawherongāoko-Karauna-Mātāmuatanga:®©™®) is the Hapū Nation of Gavin-John, aka; Ariki-nui-Kawenata. He is the royal regent and eldest son of late Ivan-John aka; John-Ivan for the Clan Marsich. More information on our CLAN can be viewed [HERE](#). As a Co-creator of the above, I hold an autonomous role of AUthority over the Divine House of Order to forge alliances with the following:

We seek UNDERWRITERS with real tangible and intrinsic values attached to resources that can be held in TRUST with the GAIN 2U ENERGY EXCHANGE SYSTEM. In return a TRUST ACCOUNT can be set up with on the day exchange rate values, less the 10% Tithe to cover depreciation and infrastructure charges. You can manage your own internal credit account(s) and give New Subscribers you personally sponsored or introduced by the TRUST, a 10,000CE kick-start balance to resume energy exchange. This amount must be repaid, interest FREE. You benefit from the internal infrastructure and the affiliate sponsorship programs from GAIN 2U MATRIX and GAIN 2U NETWORK platforms. Always be mindful that any private medium of exchange that remain idle, does not increase in value. The values must be exchanged to increase membership with new subscribers to earn credit rewards that increases your account credit balance.

TRUST ACCOUNTS can be set-up for family members to sign-up under as a whanau support network. These can be made up of Trustees and Beneficiaries. Likewise with Cooperative Mahitahi Businesses, an Executive panel of Wise Council Elders and a Working Board of Directors can also be the support network under an initial TRUST ACCOUNT. Either option requires all subscribers to operate within the boundaries of our Sovereign de jure and Commercial Banking Charters that is provided by Gavin-John of the Clan :Marsich: with a consideration value to initiate the GAIN 2U platforms to exchange energy values of WE the people.

All information herein is deemed confidential trade secrets. Any parties expressing interest in such information agree to its confidentiality, trade secrets and copy right claim, trademark and name patents.

## THE CONSIDERATION

There are two underwriters of value from :TE-WHARE-MĀTĀMUATANGA-O-IO:®©™® (Supreme Suveran/Sovereign AUthority) with a Global Value Covenant of IO that is of infinite value. One being IO M-Atua te runga rawa i nga rangi, IO Father Most High in all Heavens, IHOA / YAHUAH, along with (1) Gavin-John from the House of :Marsich: aka; Ariki-nui-Kawenata :Marsich-Crown:®©™®, Co-creator AD-Minister and assignee of :GLOBAL-ADVERTISING-INTERNET-NETWORK-FOUNDATION:®©™® (PRIVATE de jure) who have collectively decided to initiate the value for the GAIN 2U Energy Exchange Systems. The GAIN 2U Foundation and its subsidiary Foundations, AD-Ministered by Co-Owner, Gavin-John in their entirety with Co-creator IO M-Atua, Ihoa, YAHuah as the Supreme Spirit of AUthority, and remain as such. The TRUST Name will be in the name of :GLOBAL-ADVERTISING-INTERNET-NETWORK-FOUNDATION:®©™® with the assignee, Gavin-John; being in Covenant with IO.

A TRUST Account in the Name of :TE-WHARE-MĀTĀMUATANGA-O-IO:®©™® (Supreme Suveran/Sovereign AUthority) within the GAIN 2U Matrix and/or GAIN 2U Network systems will be known to have an infinite balance. However we will begin with a starting balance of 10 Quadrillion (10,000,000,000,000,000). A Tithe of 1 Quadrillion (1,000,000,000,000,000) will be held in a GOD Wallet Account and justifies the depreciation of monetary value of the

world exchange rates and (IMF) International Monetary Fund, World Bank, Federal Reserve Bank and Native Reserve Bank, Te Whare Awaroa, Te Whare Akaroa and Te Whare Atarua, League of Nations and United Nations in the PRIVATE. The remaining balance of 9 Quadrillion (9,000,000,000,000,000) will initiate a Global Reset.

1. A consideration for a little over 3.6 Billion EURO / 304 TBC Crypto-currency from a TBC face-value with Gavin-John for the House of :Marsich: as the account-holder and underwriter of value. This will kick-start the GAIN 2U value of energy exchange with 3.6 Billion Credit-Euro in an initial Trust Account less the 10% tithe, with the first initiator / trustee settlor, creating the first TRUST account in the Trust Name being :Marsich-Crown-Kingdom:®©™®.
2. GAIN 2U reserves the right to assist any other Global Account holder(s) wanting to become underwriters with their own TRUST account(s) and values, providing they meet the criteria of the GAIN 2U systems.
3. GAIN 2U reserves the right to reject subscribers who are in direct conflict of interests, or we feel are not compatible with the true intent and purpose of its design.
4. GAIN 2U reserves the right to remain independent but will work interdependently in Alliance with all Subscribers.
5. Each account holder is required to sponsor 10 plus people to qualify and initiate credit-rewards and to exchange goods and services to create true tangible and intrinsic values. You can also earn commission/discounts on listing and selling real estate and business directory services. There will be online video training, zoom meetings or webinars as and when required. This will incur a cost for time and resources, shared among all participants.
6. Each website has the ability to increase credits from the above activity. Both GAIN 2U Matrix and GAIN 2U Network are for Cooperative Business Trade and Crowd-Shares with GAIN 2U Network boosting credit rewards faster for sponsoring new subscribers who upgrade from the Bronze to the Platinum Membership Plan. From your own personal efforts you are able to increase the TRUST account(s) credits, from sponsorship crowd-shares alone. There is no need to charge interest or to subject users to taxation. The infrastructure is self-sufficient in this area.
7. He who creates owns. GAIN 2U does not take ownership of anyone's paid for accumulated assets. The private medium of exchange credits are a virtual and digital, record keeping database of exchange. This is part of the GAIN 2U Energy Exchange Systems, owned and AD-Ministered by Gavin-John. The intrinsic value of its goods and services are owned by the purchaser(s).
8. All subscribers who join will outlay an external cost of €285.93, then a monthly cost of €21.18 thereafter from a credit/debit card. This covers the service charge of each website as well as the payment gateway fees.
9. All other infrastructure credit transactions within GAIN 2U Energy Exchange Systems are covered by internal credit-rewards, commissions and business activity.

It is important to know that any private medium of exchange has no value unless it is exchanged by WE the People, for products and services (Tangible Resources). This is where true intrinsic value is claimed. If the intention is to operate in a private and de jure manner, then a system like GAIN 2U can be effective if used in the right context and for the right purposes, for which it was designed. It is for Cooperative Mahitahi Alliances in COOPERation, rather than Corporate or Commercial Sea Traders. The OLD ways have never worked. It is time for the Age of Aquarius and a NEW Dawn rising.

## SHARES

All financially active account subscribers of the GAIN 2U systems have the opportunity to accumulate credit-euro energy to exchange. Whether 1 Credit or 1 Billion Credits. The credits hold shares value. In saying that, holding on to credits, does not increase wealth in the system alone. It's the true intrinsic value in the products and services, we the people exchange that hold the real value. The Gold Brick is known as "Fools Gold". The true Gold Value is in We the People and the Gold Spirit of mAUri ora (Life's Spirit and Breath of Life) in the Living Body And the Spirit of Exchange in common unity with IO M-Atua and the ARC of the COVENANT (Kawenata).

15. If you have a Family Trust, we recommend you open an account in the Family 'Trust Name' and then all family members join the Family Trust individually, as its support network. 16. There is no limit to the amount of value you can achieve, providing you can afford each account(s) upfront yearly service bond and monthly thereafter service charges.
17. The online websites provide the option to remain in the 'PRIVATE' from the comforts of your own private space and operate in the jurisdiction of de jure suveran authority from a device connected to an internet service provider.
18. The GAIN 2U Matrix and GAIN 2U Network, private medium of energy exchange (credit-euro) cannot be sold, swapped, purchased, distributed or claimed by any subscriber. The private medium of energy exchange holds an

infinite bond value with IO that is AD-Ministered by the Executive Guardian, :Gavin-John: aka; :Ariki-nui-Kawenata: [for the] House of :Marsich-Crown-Kingdom: who is also a Guardian Of Divinity for 'The Kingdom House of IO'.

19. It is important to take note that as a Sponsor who introduces New Subscribers, you benefit from credit rewards that increases your account(s) balances. The more people you introduce the bigger your support network is, and the more ongoing credit residuals you receive. This innovative solution that has been built into the infrastructure of the GAIN 2U Systems, provides a universal basic income concept that requires the efforts of each and every subscriber with the growth and development of our buyer's network and affiliate sponsorship program.
20. The Business Directory Service provides the opportunity for Businesses to transition from corporate to cooperative mahitahi style structures as independents but working interdependently in cooperation with the Aroha (Love) Alliance for equal and fair exchange for all. This can be achieved in Working Cooperatives of the same industry, partnerships or joint ventures.
21. ALL underwriters are welcome to initiate a pledge that establishes a credit-line of supported values. This can be done by a monetary contribution, a negotiated asset value of exchange, listing products and services within the advertising platforms or a top-up to initiate a credit-line for energy exchange.
22. The GAIN 2U System is for everyone with good intentions who resonate with the rules of engagement, terms and conditions and the true purpose of its creation. If used in a manner in which it was designed, it will create a self-sustainable future for inherited generations to come. The integrity of ALL Subscribers is a must for the success of such a divine solution.
23. A late addition of 10,000CE can be a kick-start balance for (fam) financially active members, to initiate barter exchange, business directory services, the affiliate sponsorship program and more. A 10% tithe will be added to any remaining balance at the end of the term and a repayment plan will be established on all outstanding balances.
